EDUCATION

N.Y.SS DATTA MEGHE COLLEGE OF ENGINEERING　　**2022 − 2026**
BE Information Technology - **CGPA** *-* **7.0**　　*mumbai, india*

B.K BIRLA COLLEGE　　**2020 − 2022**
HSC - **Percentage** *-* **65.33%**　　*mumbai, india*

M.R.G VIDYLAYA　　**2019 − 2020**
SSC- **Percentage** *-* **91.60%**　　*mumbai, india*

PROJECTS

Organ Donation System ⧉ | Python,Sql　　MM YYYY
- Achieved increase awareness of organ donation by using platform, **reduced the manual efforts of health workers by automating the data filtration part**.

Coffee Sales Analysis IN ⧉ | Excel　　MM YYYY
- Developed an Excel dashboard for coffee sales analysis, showcasing sales performance across the American continent with detailed visualizations and insights.

Call Center Sales Trends Analysis ⧉ | Power BI　　MM YYYY
- Developed a comprehensive Power BI dashboard for call center trends analysis, focusing on agent performance and response times to highlight key metrics and inform strategic decision-making.

COURSEWORK / SKILLS

- Analytical Skills
- Data Analytics
- Problem Solving
- Data Modeling
- Data Visualization
- Statistics

TECHNICAL SKILLS

Languages: Python ,SQL ,Java, C,JavaScript, SQL.
Developer Tools: Excel ,Power BI ,VS Code,Intellij Idea Ultimate
Technologies/Frameworks: Linux, GitHub, NodeJS, ExpressJS, Git, Mongo.

CERTIFICATIONS

- Project Mangement-Accenture
- Cyber Security- J.P.MORGAN

EXTRACURRICULAR

Hackthon 2.0 ⧉　　**03 2024**
Participant　　*Airoli*
- Maintained a positive attitude and flexibility in response to challenges, embracing the learning experience and opportunities for growth.
- Developed and implemented a machine learning model for validating credit card transactions, utilizing techniques such as supervised learning, anomaly detection, and classification algorithms.

HACK SPARROW ⧉　　**03 2024**
Participant　　*Nerul*
- Maintained a positive attitude and flexibility in response to challenges, embracing the learning experience and opportunities for growth.
- Developed and implemented a machine learning model for validating credit card transactions, utilizing techniques such as supervised learning, anomaly detection, and classification algorithms.

TRANING AND PLACEMENT TEAM ⧉　　**2023 - Present**
Co -ordinator　　*Airoli*
- Organized and managed college placement drives, coordinating with companies and students to facilitate successful recruitment events.
